Grind flexible straws, tumble over the stapler and cut killer lines on cardboard and duct tape at SKATEBIRD@ Park! The quest game is inspired by the theme of the Great Patriotic War. The soldiers of the Red Army are advancing along the front and advancing deep into the enemy defenses to stop the German onslaught. In the center are the most important objects, the outcome of the battle depends on them. You, a brave fighter of the Red Army, have to control your weapon - a flamethrower and destroy enemy tanks and infantrymen. To your right on the screen is your map of the area, outlined on the map by stripes - these are the territories that have to be attacked and captured. And on the left is your map-plan, on which all the key objects are marked. After each capture, you will need to check if the weapon is well secured and if an important map has been lost. Enemies are not asleep and are constantly trying to prevent you from completing the task and destroy your military equipment. Thirty-two completely new levels await you in Infinite Rescue, the level of difficulty of which will gradually increase. You have to save not only real people, but also your virtual counterparts! Infinity Blade is the continuation of an exciting series of fighting games. The game takes place in Japan, where popular fighting game heroes have come together in the new arcade game Infinitia Blade. The plot of the game takes place between two series of fighting games. You will need to control your hero, acting as a merciless killer. Collect all the golden stars on the screen and attach them to your hero, then he will be able to use all his abilities. Gear Session is a collection of five RPG and racing games. You will help a young knight win a knight's belt, fight other knights and even go from a simple novice to a great knight. An exciting strategy-style game in which the player will play as one of the notorious heroes, which are numerous in the world of cinema and comics. A game that can be played on both PC and SegaMegaDrive/Genesis (depending on version) The arcade is a slot machine in which you control a crafty owner of a garage business - you need to manage all your household in the game with the mouse. Opponents will constantly come across on your way - these are fleas, and cockroaches, and slugs, and various parasites.
